Friday 8 November 2019, 9am-5pm

Cost for conference only: \$80 for EMDR NZ Members  
\$120 for Non-Members

**Dolores Mosquera Workshop**

Saturday & Sunday 9 & 10 November 2019, 9am-5pm

Cost for the workshop only: \$470 for EMDR NZ Members  
\$550 for Non-Members

**Please note that Part 1 of the EMDR Basic training is a pre-requisite for the workshop**

**Dolores Mosquera from Spain is one of the most highly regarded EMDR practitioners and presenters working with clients with Dissociation and complex trauma.**

Clinical Case examples and video fragments will be used to illustrate interventions with EMDR for dissociative clients following the “Progressive Approach” (Gonzalez & Mosquera, 2012). Using this model, this workshop will demonstrate how EMDR clinicians can safely utilise a wide range of EMDR interventions from early in the preparatory phase of treatment for patients with dissociative disorders. In particular, they will learn to implement specific clinical interventions, based on ‘progressive protocols’ for dissociative disorders.
